

NJEA members... we need Mikie Sherrill in Congress!

Mikie Sherrill is a former Navy helicopter pilot, former federal prosecutor, and the mother of four public school students. She is running for Congress because she believes:

Access to quality education and support for educators need to be top priorities.

We must protect funding for our public schools.

College needs to be more affordable.

We need to do more to support two-year and vocational programs that lead directly to a job upon graduation.

If we elect Mikie Sherrill to Congress, she will:

- Support increasing IDEA funding
- Fight to expand access to and increase funding for CHIP
- Oppose private school voucher schemes
- Support increasing the minimum wage to \$15.00 per hour
- Fight to close corporate tax loopholes

On **November 6th**, please vote for our NJEA PAC-endorsed candidate **Mikie Sherrill for Congress**.

The polls are open from **6 a.m. - 8 p.m.**

This message is intended solely for NJEA members and their families.
